Feinstein Attacks!

Feinstein 's new ban will include the following: a ban on 157 named firearms and ban importation of assault weapons and hi cap magazines. A ban on all semi automatic rifles and pistols that can accept detachable magazines or a semi automatic version of a full automatic firearm. All semi automatic rifles or pistols that have a fixed magazine capacity of over 10 rounds, a ban on magazines of over 10 rounds, thumbhole stocks and "bullet buttons"?, a new definition of "assault weapons" that have one cosmetic feature in addition to a detachable magazine that include a grenade launcher, or rocket launcher, a pistol grip, barrel shroud or threaded barrel. All shotguns that have a magazine capacity of over 5 rounds or have a detachable magazine, all shotguns that have a pistol grip, forward pistol grip, revolving cylinder, folding or telescoping stock.

The bill, S150, also grandfathers in firearms possessed at time of bill enactment but requires registration and a background check on all sales and transfers. It would prohibit sale or transfers of large capacity magazines possessed at the time of enactment of the bill. Also required would be that the weapons serial number be engraved on any magazines manufactured after the bill became law. Another provision would provide funding for a voluntary "buy back" program.

The legislation does not require the listed firearms to be registered under the NFA Act of 1934 as machine guns and subject to the background check, safe storage requirements, \$200 transfer tax and other provisions of NFA class III firearms. Feinstein threatened to include this requirement in the bill

The legislation exempts 2,258 legitimate hunting and sporting rifles and shotguns by name and government officials from it's provisions.

First priority was the home page then gun shows, shooting events and scores.

JSSA NEWS

JSSA is still looking for a match director for the IDPA discipline. Interested parties should contact President Jim Monroe Or Bill Watson or Charlie Halvorsen.

Election of club officers at the annual meeting on January 16th resulted in the following: President-Jim Monroe, Vice President-Steve Hall, Secretary-Larry Green, Treasurer-Bill Watson, Executive officer-Roger Schmidt, Chief Instructor-Floyd Hancock and Sportsman's Park Representative-Phil Doddridge.

Lucky winner of the monthly raffle was ME! I relieved Leon of a can of scarce 231. Thanks Leon!

A board of directors meeting was held on January 24th to discuss the proposed combination membership that would provide a discounted years membership in both the Sportsman's park and JSSA with the goal of building the memberships of both organization. In order for this to take place the membership year for both organizations much coincide. It was tentatively agreed to move the JSSA due date to May but details are still being worked out.

The raffle of the Taurus revolver was finalized at the meeting and should begin as soon as Bill Watson has the tickets printed. The gun is a 2in Taurus 327 in 327 Federal. Tickets are \$5 ea or 5 for \$20. The winning ticket will be drawn at our fall gun show.

Our little lawn tractor that we use for towing the trailer for our range props and targets is in dire straights and needs replacement. An offer has been extended and accepted at the BOD meeting to purchase a used ATV that will have more towing power plus it can be used with a blade to assist in keeping the park roads clear during the winter and not having to hire an

expensive contractor.

Not Gun Control But Public Safety.

A town in Vermont is joining the Ban the Gun crowd and is entertaining an ordinance that would ban semi auto "assault weapons" for "public safety" reasons.

The local gun range has told the city that the police may no longer use their range unless the city changes it's position..

Kowboy Korner

Howdy Pard. It was a beautiful sunny day Sun. Maybe a little coolish though. When I drove thru the gate down to the range at 8:00 it was a balmy 16 below zero. You read that right Pard. 16 below zero. Can't say that the Klamath Posse isn't a hardy bunch. We had 7 shooters brave the slight chill and most put up some pretty good times. We even had one Buckaroo shoot and I didn't hear one complaint from him about the chill. He is well on his way to being a topnotch Cowboy.

It is that time of year again to get the dues in. I will be sending out letters in the next few days as a reminder along with a membership form. If for some reason I miss you, you can send them in. \$20 for a single and \$30 for a family. The address is:

Klamath Cowboys
3939 S. Sixth St. #296
Klamath Falls, OR 97603

Hope to see you all shooting with us soon.

Jasper

NO TIME TO PROSECUTE!

Obama appointed VP Biden to head up a task force to research more useless gun laws or really a rehash of the same tired old stuff. Over a period of a week or so a list was developed for the veep by his hand picked pack of gun haters. A pitiful attempt at recognizing an opposing position was allowing five minutes to NRA Governmental Affairs Director Jim Baker. Baker asked that in light of over 72,000 denials to purchase from the NICS why has there only been 44 felony prosecutions for lying on a federal form? In a classic statement of vice presidential idiocy Biden stated "we just don't have time to prosecute all those lying on a federal form or making a misstatement or checking the wrong box".

The VP says that an assault rifle is not a very good choice for a defensive weapon and instead recommends a side by side shotgun as it is "safer".

Biden says that if magazines were limited to 10 rounds the Sandy Hook killer might have been slowed down for having to reload.

MORE GUN LAWS

Familiar names have authored bills seeking to incrementally scuttle the Second Amendment. Carolyn McCarthy, Sheila Jackson Lee, Bobby Rush and James Moran in the House of Representatives have put their signatures to the following legislation: HB 21 The NRA Members Safety Act. Citing approval of a majority of NRA members the "Safety Act" seeks to implement background checks for all gun sales, require background checks for gun store employees, prohibit persons on terrorist watch list from buying guns, require report to police when guns are lost or stolen and establish minimum standards for CHL. The title of the act could be construed as a sarcastic jab at the NRA or the fool really be-

lieves that NRA members would condone such lunacy.

HB 34 & 117 by Bobby Rush reintroduces the Blair Holt licensing and registration system for handguns and semi auto firearms of past years.

HB 65 by Sheila Jackson Lee would ban possession of "assault weapons" and hi cap magazines for persons under 21 years of age.

Carolyn McCarthy's HB 137 would require background checks on all gun sales. HB 138 would ban hi cap Magazines. HB 141 seeks to register all vendors at a gun show at least 30 days in advance and HB 142 would ban all internet sales of Ammunition.

Lautenberg also has introduced a magazine ban of those capable of holding over 10 rounds.

NATIONAL SCHOOL SHIELD RESPONSE PROGRAM.

The program developed by Wayne LaPierre and the NRA is offering the program free to all schools that wish to protect their children. The program is outlined in the current issues of the NRA magazines and is headed by former Congressman Asa Hutchinson

Service Rifle

Saturday February 9, 2013

0900 set up

1100 match begins

Background: The prone slow fire stage of a High Power Match is started in the prone position and shot at 600 yards. We will be shooting 200 yards with reduced targets. The shooter will fire a total of 20 rounds for score with 2 sighter shots prior to confirm zero. There will be ample time for shooters to practice before shooting for score.

Details:

For those brave enough to face the winter we will be conducting our winter shoot on Saturday February 9th

Where: 200 yard line

When: 0930 set up

1100 match begins

Fees: \$ 5 shoot + entrance to park

Equipment: open sighted rifle, one mag, 20 rounds for score, practice ammo, shooting jacket, mat, spotting scope, glove and sling.

Course of fire: Prone slow fire, 200 yards with 600 yard reduced targets

PRONE SLOW FIRE

Prone Slow Fire requires the shooter to master the fundamentals of natural point of aim, sight alignment, trigger control and reading the wind. Although we will be shooting at 200 yards this will be a challenging shoot as the "X" ring will be the smallest it will be for any of the high power stages.

If you need instruction or equipment, not to worry, other shooters are willing to share to help each other out.

Sweatshirts, heavy jackets and leather gloves will work fine too. Bring appropriate clothing for the conditions.
